SUMMARY

A graduate graphic designer who is skilled in graphic design and web design with a strong sense of motivation to grow and gain new skills.

Experience working for a printing company which required working in a team environment from initial client meetings through to working with the offset and digital print team to produce high quality corporate collateral, whilst meeting the client's expectations. Ability to bring strong conceptual and creative

skills to all projects whilst adhering to corporate style guides when necessary as well as working with clients to come up with creative web solutions.

Advanced knowledge in the full Adobe Suite CS4 both on Mac and PC platforms, CSS, HTML, Actionscript 3.0 and Web Building techniques. Currently gaining skills in Apple Motion 3.0 and enjoying discovering the world of motion graphics.

Employment

Relevant work history

Buzz Print

2008 - Current

Position Pre press Designer / Web Designer

This position is as pre press designer and web designer as part of a team for reputable Brisbane print company Buzz Print. Working with a variety of clients from local, interstate and international companies including Boeing Defence Australia, Royal Wolf Containers and APA Group, my responsibilities include preparing files for print,

designing printed material, company identities and designing & building websites as well as meeting with clients to discuss their needs. Working at Buzz Print has given me an extensive knowledge of the print process following the final design approval with clients.

Liveworm

2008 - 2009

Position Internship as Graphic Designer / Web Designer

This position was for the duration of a semester during my second year of University. Tasks included the design of packaging, identity and website design and build using Wordpress.

Working within a team environment was a core component of Liveworm as well as sitting in on client briefings and bringing a project from briefing stage to final concept.

Skills

Proficient in the full Adobe CS4 Suite including:

Indesign, Illustrator, Photoshop, Acrobat Professional, Dreamweaver and Flash.

Also proficient in HTML, CSS, Actionscript 3.0 with a basic knowledge of PHP and CMS. I am currently gaining skills in Apple Motion 3.0 and Soundtrack Pro.

I also have experience with wide format rip programs such as Onyx and Cyclone.

Interests

My passion lies in graphic design and web design however I am enjoying learning new mediums such as Motion Graphics. I also enjoy photography as a hobby. Local art and cultural events are ways to expand my mind and get me out of the house and everybody needs a way to get away from the hustle and bustle of everyday life, mine is camping.

Groups & Associations

I am currently an active member of the Australian Graphic Design Association (AGDA).
